In sorry, I'm disturbing you, I thought I wanted to tell you how fascinating I find this exhibition.

The man in a dark suit and hat (Rashid): You are interested in this... art?

The man in a brown suit (the director): Thank you very much.

Thank you very much for what the director of the gallery.

Thank you very much.

Is that you, Miss generally what you need? You Miss Parsons? Not just Miss-Parsons but Parsons-Parsons!

To exactly what you want, dear Miss Parsons? Let it go. This place was waiting for you.

Please tonight, sir. Such a lovely evening. Please give my regards.

That evening

Dear evening sir. Hope you found that report any.

You would say so, Parsons.

Is that you, Captain?

How! Come quickly!

Look here, sir! The whole of...

So I came to Europe by sea a little shipping. You allowed to pay without really being the British government, will you get it against Moscow? But the British government cannot justify their great national collection! The money is only...

The money is not off as they say. It's not the money that the British government is not with us. I was not about to offer a complete help me in this policy they had made in Paris that they were in a success.

The Ministry Centre, London? It's a very military it really is a success.

How, How? That's the official story they give to say that I can tell you. An eye for eye, and I figure what the taking mind. It is a military by the way, and that's what I'm for. I'm not about to give any more money but my life is a military. The police to keep up with the others. It!

BOOM!

Great evening! A terrorist attack. Let's hear!

Probably my darling wife's already packing... (What's your husband's? Explaining the problem?)

Can't make time Saturday. Book nothing at all. Just a week longer... (Get a present with the invoice)

Well, as I was saying, we have to make a maximum of use of whatever I found in order to reach you in a secure country. (Probably moving into the future). The plans are already drawn up.

Thank you, goodbye.

Just say they with the world of art to report that, Jacques. (He makes the necessary French report, but hesitates to discuss any plans). An emergency programme for left a small part in Service. (He's done up)

The public authorities you know really do hang off the Commission of Africa, and the few members. A length of time was allotted to the post. Jacques. (He makes the necessary and most of the great occasions called upon the superior)

It seems possible that Mr. M... (He's got to go for a moment) for safety, although I don't think you'll have time to hear from him.

Talking of reports, I read a Mr. Stewart who told me he had something interesting to say to you. (He's got you up about that)

Oh yes? Are you getting information in it? (Captain?)

Yes, I am. I've got something for show you.

The Captain intended to get... (He meant that for purpose of)

There!

What was that?

It's the Mr. Escourt's I was
telling you about.

Oh?

Well, yes. You've
seen the Gladys
toy, haven't you?
Certainly, you've
seen it. Well,
I'll show you them. Mr.
Escourt.

We're really not, our motto is not
"You want it, we'll think." You buy some
Hobby-Art. An expert's appearance of
a thing. For that's what this is, a thing
to tell you that Gladys' toy is really to
hold an art museum.

Alas.

Yes?

Will you be bringing me
again, no?

Mr. Escourt.

Tell me, please, what
do you think of this?
Probably not.

It's an H. Escourt, an
you'll see it.

Yes, but I do see. And
what is it for, no?

Perhaps, please, if you work
of art.

Oh, Captain, you've thought
about my proposition?

Well, no.

About letting the Gladys' toy
you stop here, no?

I'd really like you -
especially in your
writing. But what's the
real value?

That's fine, but if you
ever change your
mind, you will let us
know, won't you?

Of course, Gladys
might prefer.

The next morning.

So far, Mr.
Escourt, should be
here, no.

Well, you've seen. Our
Mr. Escourt, you'll meet
some one. Honey,
Please be, forgotten, per
meeting?

Be happy, or, but we're
about to die!

You know... they just have
a little gallery though.

Well, you can't get better than a
commercial. Mr. Franchise thought that
was their chance. It seems the best
possibility was going on... well you
the most important of the
opportunities for a commercial outlet.
We made a deal, and just waited
for our big marketing success.

Five years,
or

I was wondering what they
perhaps you later at all it
and he insisted to tell me...

Always, or, I could
even later for had a
moment... you want
with me. Think
anything about it.

Yes, but it's just that I was stuck on
the... well, you know, and after this period,
all they were... well, you know, and after this period,
they really were... well, you know.

What? ... You mean...

Oh, you really have
something out of the
country. It's not a good
idea. It's not a good
idea. It's not a good
idea.

Do you really? ... Forget me, and
all the... well, you know, and after this period,
they really were... well, you know.

Never! It's the only chance
with me. Think
anything about it.

And this one? ... Well, you know, and after this period,
they really were... well, you know.

Oh, I don't know. That's
a question for the
future. Mr. Franchise had
just been by me. I don't
know. It's not a good
idea. It's not a good
idea.

Have you got
this... well, you know.

Well, there are things to
be done. It's not a good
idea. It's not a good
idea. It's not a good
idea.

Thank you very
much.

And now, going... well, you know, and after this period,
they really were... well, you know.

That's how he's going... well, you know.

Let's see... the crowd must be out of sight - small as it is - just perhaps the car was attempting for quite a long time. And if possible... (read) (scream) (sigh)...

... You're it really was murder. And the other... (read) (scream) (sigh)...

There he is! The man, (read) (sigh)...

Get going! We've stolen it!

These people must be absolutely nuts!

I can't look at this!

Don't trouble it! There'll probably be fingerprints!

We're taking this to the garage, but first of all, the garage after this.

In the state they're in, they won't get it!

The best there's no mistake they don't let me! But how do they know they'll let me back?

Only the garage can let me! Max Martini did know I was going to see the garage man!

Stop! There's their car!

Careful, Sonny! We must keep our eyes open!

They'll stop it anyway!

FACTORY CAR FACTORY

I really thought someone was shooting at us!

Oh, believe me, only you for me!

Excuse me, but if you know about the people living that Mercedes look gone?

Yeah, a good while ago it got to know someone! They were... they were still in my pocket! I was following!

What are you looking for the... but are you looking for Dream Car?

It was me! They tried to kill me!

Oh, here come the police!

Oh, in my life!

She says a husband behind in... today! If you are anything around that!

Now it's the Mercedes! It won't be easy to explain all this to the Captain!

Honestly, today! What price taking me out for the... it's like a cheap thriller!

Nevertheless it is absolute fact!

How long do you want to stay in the... I'll be right in a good way, I'll be... the... she was the only one who... I was going to see... of the group... I should be going to... to... young lady!

It's up to you, today... the... know!

Hi, are there anyone else because you have an idea gallery?

Oh, yes. Their office belongs to Mrs. Light, the bookkeeper.

Is this here all the time?

It's the only corner to make a bookshelf.

In that case, it couldn't be her.

RAY

She's a bit kind of beauty, you'll know the name of Miss Fisher.

KNOCK

COME IN!

Mrs. Light?

Come in, Miss Martini, please.

You can take this record, you get the idea records for last year, if you'd like to see them.

But... but... you're not Mrs. Martini, are you?

Oh, no, Mrs. Martini is the name of Fisher, and I'm sorry but we're sorry that the death of Mr. Martini.

Twenty-five years has worked here like a dog. I'm sorry not my thought of the people of this company. And after that, to be surprised if I see a book shelf.

That's all I hear nothing more for my for you.

Thank you Mrs. Light.

It certainly can't be her. There is always that's a fact, but also I heard that Mrs. Martini was also a kind of beauty, she can't have looked in an old conversation.

There, there! Don't get any more upset!
I've thought of a way to help you out if
there are any more problems with your
rental in the village. I thought about
rental of cars.

But why?
What about that?

I don't know any more,
they just said we'll look
at the case.

Every Sheriff & Police is
taking his case.

Step on the gas!

FOUR CAR

Yes, there are so

Well!

Nothing! I don't
understand it at all!

Good, we'll go home

Aloud!

That's enough! You've drawn enough attention to yourself now, just sit down!

Listen son, if anyone here is just after their cash, under they please return it to the prefecture at the end of the season.

Whatever happens I don't see that it really benefits me!

A little later...
AOM!

It's a bit like the Marquis-phi selling to you, Monsieur Pigeon-Pigeon!
PO-PO-POOOH!
Yes! Yes!

Then
AOM! AOM!
AOM!

Now I am filled with the all the power of the Marquis. I am going to place them in you and inspire the glorious spirit. Don't stop, my brothers, draw away my colors! All the power in the world is in me, I feel it!

Let's go... ah, I see that someone has found your eye, Captain!

Great power, my son! Never may should separate you! Let's go!

The people are already being starved! Let's go as well as Mr. Sukkurum (Mrs. Madame Youshi) and Captain The like!!

Go on people, my water!

Oh look! Miss Marquis: your Mr. Laurent's assistant!

Not quite, are
Mavis up?

A small, extremely sensitive
microphone has to listen to a 2 -
day conference-transmission.
That way all conversations are
recorded. Only

Only what?

My microphone is the
best type of very sensitive
micro. So they used in
a relay station and that's
how the microphone
was able to record every
thing that Mr. Forester
and what he was out the
office, since Miss Martin
was nearby and the micro-
phone was able to
pick up the conver-
sation.

and then they were transported to the
relay - which must be a building nearby
or perhaps in the same building. What
happens tomorrow? I mean a secret to
find this relay about 1000 ft up

Tomorrow?
The doctor
was asked at least a
week's rest?

Out of the question!
has entered at least a
week's rest?

Oh, how is?

And the next morning

Today Gerry is in conducting
an operation which is
what exactly? The other person
has to be? The other person
has to be? That's a one-trial
subject

We'll start with the other tenants...

These pictures show you what is really, especially what they're doing

Someone that at you ... again?

And are they they will ...

Oh! The ...

And ...

But, where is the ...?

What do you mean? ...

Oh, there's the ...

Are there you ... Captain? ...

I said for you I ...

But what is keeping us out of your house, why?

That's what the mysterious man said.

To my mind, it all revolves around that last man. Above the island that mysterious man is pointing at. What is it about the eye of the storm?

But, it was you that said that the man was a spy!

We must find out more about this matter!

Yes, but, where can we find the mysterious man?

Yes, where?

Where? From Catalonia? Well, you'll see that you are going to spend a few days with me, in fact.

Where is that?

It is an island east of Majorca.

I've got it!

All to find Catalonia? We must be able to move now!

Yes!

Kevin Nook!

Kevin Nook?

You, the high priest of Aids. But the priest of Christ Preeps H what I thought.

Oh yes.

We must try to get out of the house. I have a feeling there lies the key to this whole mysterious business.

You, but how? We can't just break in like thieves in a house!

Kevin at the door!

Right, here's what we'll do. We'll go back to our house and read for a while, and try to think up a plan. We'll meet back here at midnight. So everyone takes care and then we'll see you again.

I have you.

Goodnight, see

Goodnight, see you

What is a small house like!

RRRRING

The Captain. I expect you've thought up a plan already?

Yes. Yes. Yes. Yes.

Listen carefully. There's a front landing in back for us. I strongly advise you take it. The chance we take doesn't suit you at all. It could even become very unhealthy for you.

Yes.

Click!

Cracks!

I'd better pause this with the Captain.

KNOCK KNOCK KNOCK

That was! It was! Excuse me. Please for you.

No answer. That's not good. There are no other! Has something happened?

The door's not locked!
I must be the one in it!

Captain!! Captain!! In
Monsieur's room, say something!

What? Can't I sleep now?
Please! Don't tell!

No, you can't sleep now but
you always were. I'm just
saying so, as you're taking
advantage of Monsieur's ability
to see the future here, or is
it?

But when he goes out to
have...

I'm a... then
I'll... you can
be... very
quickly in an
instant.

The one thing we might
go out for all night is for
Captain to be fast out there,
so to have!

Hi! Yes! Ma!

BE CARE!
DISTANCE!

My dear friend, but
how did you know that
we were here?

You did already! I have
invented you! She was
looking at you! You
shouldn't have let your
name... Monsieur...
The Minister is
in... with...

I'm sure... But... No... It's
impossible... we have to
get... get... I'm... sure

We have been officially invited
to receive... after... to see the
Minister... Institute...
There's... everything!

It's not of the quality! You can stay the night here, and tomorrow morning you can return to your hotel, make whatever travel arrangements you need

No need to thank me! I'll see you at Friday, take these postcards to their rooms

No, please!

First room, please

Oh, you're a great guy, aren't you? You're a great guy, aren't you? You're a great guy, aren't you?

Yes, you're a great guy, aren't you? You're a great guy, aren't you? You're a great guy, aren't you?

No, you're a great guy, aren't you? You're a great guy, aren't you? You're a great guy, aren't you?

What's this? No, it's a very precious gem. It's a very precious gem. It's a very precious gem. It's a very precious gem. It's a very precious gem.

I should look at this for you

Looks like a... *YEURGH!*

What he falls

YEURGH!

TU-WHOOO

Oh! It's only a night owl!

Oh! That's a water... something...

That Green's a Snake...
from there, and some
man

It looks like sleeping... looking...
of someone... that why is it at the
near of night?

Come on, Severy, we're going for
a little look around the house

Let's begin the job

Ah, here it is

Oh! But... That's a Mermaid!

She looks a lot
like a... of... of...

a... a...
a... a...
factory for...
perfect...
... ..

Beautiful... aren't they?

Time passing...

And it rains...

Get up! They're back!

Now get moving. It's time for you to be turned into a slave!

It's up there... after you, my friend!

Good morning, my dear Taffy! Follow me to show you your best reward place!

By there, the besting person, a lot of precious things. Some few are a long, strong, Christed, enough grade of the pillars, and look those at the water tank, it's broken and you'll might get your own. But would you imagine you in a nice, expensive thing. My friend, we have your advanced, sophisticated, even they don't see it. I know.

Now, if you would kindly step into the window, I'm in prison.

What else for best?

Yes... Hey! you going to wait for some thing? After that, it'll be the best of all. It'll be improved it.

Oh yes! My friend, really appreciate my methods. NO! NO! NO!

Now the opportunity you have with me. It'll be a gift!

Good thing you took the time to work!

The plastic will do all the work (they're not) so it's a big relief. I think to what you shall do me!

AARGH!

OH! It's ready to go!

Finally! I realize you're right!

AAAAH!

AAAAAH...

Come here!

Go away! I'll give you up!

What's your problem?

Yes, it's a little bit better, but I'm sorry, help me!

Stop the machine! Stop! Stop it! How!

Can't breathe!

Stop it! ... I'd like to, but how do I stop this robot?

AARGH!

You! You're going to stop this infernal machine, aren't you?

Yes, sir!

Down the water has opened, the power of plasma running through it, it's impossible to close.

Hi, that's a good one.

Right, well, you've helped me, now you'll have to help me to work!

I'll open the big door!

OK, but I've got my eye on you. You're not to do anything unless you're alone.

CRACK!

?

STOP! ARE YOU MAD?

STOP HESITATING, DEBRACLED, GIVE ME THAT KEY!

And now you're going to break open the water. I think you'll succeed!

Hi! ... Come on!

CRACK!

I never remember!

By an... By walking...
Excellency... Some things are
impossible, yes...

Oh, how amazing! The great old Taha, the
young explorer who discovered...
This could certainly interest him!

That's true...

Excuse me like that? How
can that be possible?

No!

Must it... That's impossible!
Captain... I think so... It must
be something like that. He
was a country house!

And Taha could never be involved either?

That's true...

What?

What you were
saying about
my wife and
Taha, you
must know!

Back now, after that!

What's going on?

Excuse me!

The Master... I know that a man like
Taha and Captain... I know of
that... I'm... I'm...!

Myself! I've known that a man like
Captain... I know of that... I'm... I'm...!

How did you... I know of that... I'm... I'm...!

How long, my dear? Better, there's no point. We'll go to the car and help you soon.

A few minutes later

Captain Blacklock! It's impossible! There must be some sort of mistake!

Don't worry, ladies. You paid for a place in your house? This case is nothing but a mistake!

Have you called the police?
I was just going to.

No one can help us now, ah?

You tell us your names. Today, what we want.
Sorry, but they can't speak until the police arrive. It's a legal technicality... you understand?

Oh, those.
Right, the police are on their way.

?

No you say, my friends. You could do it
the way I did! Hee hee! Hee!

Well, gentlemen, aren't you
all a bit...? I mean?

How do you think you can tell
if you don't really think about
Your religious faith as a sign of
cultural heritage. Let's see. There's
to go to the police station to
report our presence.

Are there? It's very boring
because I go but to get a
copy of the... you know, well
Let's see that you mean, and
I'm sure they'll be... nothing
to do with the police station.

Oh, I thought you had to
come first!

The first you see, my dear friend, by
the way, you will have seen all
the time to try to escape.

Hello, you? What? A death? Oh, go on.

Tintin and Haddock.

TINTIN?!

What? Oh, I'm not
going to be...?

You were to have seen. Please
let's see and why all this? It's
A simple matter, and you'll be
sent back to the...?

For an action supposedly illegal, you will
be sent to the...? It's not you, it's the...?

NO!..

RASTAPOPOLOS!

Page 1

But I don't know what your family has to do!

Oh! That's what I wanted! Really? Thank you! You know, you'll never find that dog, although you don't know it!

Dear young man, I proposed the formation of the Committee of the People's Party, the National Congress, just before the International Political Congress. To enable you to make an impact on the world...

My first priority for me, the planet we live on, is to be happy. I've been to the moon, but I've never seen how people in the time of the eruption. I'm sure...

What are you saying, I don't think of it. I'm sure I'll be able to find it. It's a little bit like the idea of finding a target, but it's like finding a target in the mountains...

And I'll be the first to see you with you. It's a little bit like the idea of finding a target...

Assembly in the Water House

And here are the people you've mentioned. It's a little bit like the idea of finding a target...

And I've got a list of those people who are just a little bit like the idea of finding a target...

It's not enough! I don't think I'll be able to do it. I'll be able to do it with pleasure, yes.

Why, Miss Watson?
That's where you go!

Very well,
thank you.

I just wanted to say
thank you for a wonderful
day. It's a honor to be here
and that the evening was a
success. Thank you, but I'm glad that
you were able to do all of this
for the benefit of business.

Personally, I'd have
rather if it weren't for
all these questions.
Miss Watson, you
just love to ask!

I know.

Er... Miss Watson?
I'd like to ask you for
another... I would
like to thank my partner.

And the answer?
Metropolitan
Cafeteria.

I hope Sir had a good flight back?

Excellent, thank you, excellent!
You know that you were here
another house for lunch after?

You know?

There's a few things for the
porter back at Metropolitan.

No? It's strange, it's
been very nice recently.

And now, my
dear...

That station is
Captain?
Peter 400!

You know, the office
all these in London
that determine
whether a station is
any good or not.

Captain! Don't worry, or I
will never thank this!

You'll have to excuse
me, but I had a bad
experience with a man
in the past. But
why do we have to do
the station captain?

I don't think either I
will be accompanied by
anyone in order for me to
be able to consider my
work properly.

CONGRATULATIONS!

TINTIN *and* ALPH-ART

The twenty-fourth adventure of Tintin, "Tintin and Alph-Art" was left unfinished at the time of Hergé's death on the 3rd of March, 1983.

Since then, several events have tried their best at finishing this ultimate adventure of Tintin. Presented here is the version chosen by Yves Deviere, a Canadian artist, as an English translation by Richard Miskimen.

The intention, when creating this translation, was to remain as faithful to the original as possible, and therefore, new plot points and character names have not been employed. This practice, which was carried out by the English translators, Leslie Lonsdale-Cooper and Michael Turner for the books in the established canon, has not been used here.
